Pricing

Classes are £5.50 (first child), siblings (three months and over) are charged half price (£2.75) and adults come for free. Price also includes Practice at Home Resources. Class duration is 30 minutes. Please note that spaces can only be guaranteed upon payment.

Free taster session

All newcomers are allowed one free taster session and must reserve their space through the booking system or by emailing **bilinguababies@gmail.com**

Pay-per-term

Please note that we operate a pay per term policy. We cannot take cash for individual drop in sessions as we need to ensure that the cost of the venue is covered and that we can plan specifically for the ages and numbers of children attending each class. It also allows our classes to be progressive in learning. No refunds can be given after payment is processed.

Refunds and if you need to miss a class

If you cannot make a certain session, we can't offer a refund, but you are more than welcome to catch up by attending a different class (space depending) or give your class to a friend. You will also receive the Practice at Home Resource Pack, so if you ever need to miss a class you still have all the songs that we do.

Responsibility

Children must be accompanied by an adult who will supervise and be responsible for them at all times during the class. They must ensure that the child's behaviour is such that it will not cause any safety risk to either themselves or other children. The children that accompany you will be your sole responsibility and under your care throughout the class; you are solely responsible for their welfare and conduct during the lessons. Bilingua Babies are not liable for any injuries and or personal losses sustained during the class.

DBS Checks

All teachers are DBS checked.

GDPR

Bilingua Babies agrees that any personal information provided will be used solely by the company and it will not be passed to any third party. For a copy of our full GDPR statement, please email **bilinguababies@gmail.com**

Social Media

We actively post on Facebook and Instagram to promote our services. We will never post any content that relates to any parent(s) and their children without prior written consent; including the use of any photography / images / videos captured during lessons.
